Ubicom provides high performance, low cost processors that enable a wide variety of applications. At the Wynn Demo Suite, Ubicom will be showcasing flexible, highly configurable and scalable platforms for applications in streaming media and networking. Among them, you will be able to experience and witness a seamless networked audio ecosystem that addresses the needs of the digital content user. This ecosystem encompasses not only several product categories (AV Receivers, PC Speakers, Hi-Fi Audio systems...) but also several anchor products, such as PCs powered by Windows 7 and smartphones powered by iPhone OS, Android, Windows Mobile, and others.

Other platforms include:

- Multimedia
  - Networked Audio (DLNA) Adapter
  - Internet Audio Player
  - Networked Audio/Video Receivers
  - Hi-Fi Audio Systems with iPod support
- Networking
  - Display-Enabled Router
  - Secure Home Access Router
  - SOHO VPN Router
  - VoIP ATA Gateway

*Directions from the Las Vegas Convention Center:*

- Arrive at the South valet gate entrance of the Wynn Hotel. Enter through the "Tower Suites Entrance".
- As you walk into the hotel, look to your right for the Tower Suites Registration Desk.
- Ask for directions to the Ubicom Suite.
